BOOK SYNOPSIS

A ground-breaking resource for paralegal instructors, The Texas Paralegal has made teaching critical state-specific material easier, and more organized, than ever. The book's unique approach works by providing students with the information, documents, and resources they need to understand the basic workings of Texas law, thereby eliminating the tedious instructor task of gathering this material piecemeal. Instead, the legwork is done for you -- the vital content is compiled into a single, handy resource that presents it in a practical, logical, and useful way. Coverage includes an overview of the paralegal profession, ethics, the legal system, research, and even a comprehensive legal dictionary - all as they pertain to Texas State laws and statutes. Packed with the most relevant concepts, and packaged in a user-friendly format, students will find this an invaluable reference throughout their academic and professional careers. Instructors will find that they can spend less time preparing to teach and more time teaching. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
